And at the new low retail price of £30 you can put  
more people in control than ever before**

Selling tip:

Set the scene at your party by getting the guests to imagine: dinner for two in your favourite restaurant when suddenly whoosh - vibrations so divine you're clenching the tablecloth in ecstasy. This deceptively powerful matt silver love egg features three speeds and four pulse settings, all operated by the remote control with a range of 6 metres. Whisper-quiet this baby works internally or externally for some serious clitoral fun all at only £30.
